

Sinclair Broadcasting's decision to force all 62 of their stations to air the anti-Kerry smear "Stolen Honor" mere days before the presidential election is an unprincipled move by a media giant intent on subverting the democratic process. And it is in clear violation of federal election laws.

Sinclair has been granted the right to use our public airwaves for free, and in exchange they are supposed to serve the public interest. By broadcasting biased, one-sided material like "Stolen Honor", they are abusing their position of power to promote a corporate agenda that is in fact deeply harmful to a fair and open democracy.

Whatever political views one holds, it is inarguable that this decision contravenes any notion of equal time, and in the process undermines the very notion of a free and fair election. Sinclair's actions are reprehensible and should not be allowed.

Thank you.
